Deadline: April 2 at 5:00pm
University Career Services (UCS) seeks students to join our Career Peer team next academic year! Career Peers meet with students during drop-in hours and hold appointments to help students with their job/internship application materials. Peers also work in small groups to help UCS accomplish its goal of reaching more students on campus. UCS values diversity in perspectives and experiences among our career peers in relation to race, gender, age, orientation, ability, religion and all identities that make up our student body. You will also be mentored by a career services professional and partake in monthly professional development activities, with the goal of helping you to develop personally and professionally.

Why Should I Apply?

- Make an impact on the Carolina community by helping your peers reach their goals. Plus, helping others just feels good!
- Increase your own marketability on your resume and develop as a professional
- Develop your portfolio of skills to use no matter what you do after Carolina: leading, working on a team, customizing your communication based on audience and using creativity to solve problems
- Receive mentoring by a career services professional
- You don’t need prior work experience!
- You get paid ($9/hr, 6-8hrs/week; occasional evenings and event staffing required)
