

# Vendor Inquiries

## Products and Services

Thank you for contacting University Career Services for consideration of your product or service. The Career Center receives many requests from vendors to take advantage of their career-related products or services. Therefore, we have developed a centralized review process. To have your product or service considered, please complete our [vendor form](#) [1].

Only vendors who have completed the form in its entirety will be considered. Vendor requests are reviewed by the Leadership Team three times per year with the Summer time being reserved to do the bulk of the reviews. On rare exceptions, vendor requests can be reviewed outside of our normal schedule. Vendors will be contacted with a decision following product review and discussion.

## Request to Add Online Resources

University Career Services regularly evaluates its online resources for usefulness and usability for our clients. If you would like for your organization's link to be considered for inclusion on our website, please review our online resource page [here](#) [2] and complete the online [questionnaire](#) [3]. Your questionnaire will be reviewed by a committee that meets monthly for the purpose of evaluating online resources. You will be notified of our decision at that time.
