2019
4:00 PM 5:00 PM
Location:
Hanes Hall, Room 239a/b
Type of Event:
Workshop

Rock Your LinkedIn Profile (BASIC) LinkedIn has become one of the primary career exploration, job searching, and networking tools available on-line. In this workshop, you will learn the basics of setting up a LinkedIn profile. Additionally you will learn best practices to help build an all-star profile that tells your professional story. Professional headshots will also be available Note: Students are encouraged to bring laptops or other electronic devices to edit their profiles during the workshop.

What you will gain after this workshop:

1. Career Management competency: ? You will be able to recognize the importance of LinkedIn for career exploration, job searching, networking, and the importance of life-long learning.

2. Self-Awareness competency: ? You will be able to recognize and reflect on the role of your own interests, abilities and multiple facets of identity in shaping your thoughts and actions related to your LinkedIn profile.
3 Oct

**University of Virginia McIntyire School of Commerce Case Interview Workshop | Information Session [13]**

2019
6:30 PM - 8:00 PM
Location: 3411 Student Union
Type of Event: Information Session, Networking

Most management consulting firms incorporate some form of case interview into their interview process. Cases are often viewed as a way for employers to assess a candidate's critical thinking, problem-solving, and decision-making skills.

The workshop is hosted by Brendan Boler, a Presidential Fellow at the University of Virginia’s Data Science Institute. Boler specializes in analytical problem-solving and consulting strategies.

4 Oct

**Global Grads: Communicating with Employers: Part I: The Interview (for Graduate Students) [14]**

2019
12:30 PM - 2:00 PM
Global Grads workshops focus on support for international graduate and professional students. This two part session will allow you to gain knowledge and practice in communicating with employers for your job search. Part I will focus on the interview about the types of interviews (phone, in-person, Skype) and how to prepare what are employers really asking how to use the STAR method to frame answers Part II will focus on networking as a technique for meeting employers and conducting your job search. Participants will learn advice from a successful graduate basic information on how to identify and build your network US/Western format for mingling (Please note These workshops repeat some of the content offered in 2018-19)

- 7 Oct

_**Technical Interview Event** [17]

2019
5:30 PM 7:00 PM
Location: 014 Sitterson Hall
Type of Event: Workshop

Take the mystery out of technical interviews with mock interviews with industry recruiters. Each mock technical interview is a one-on-one, abbreviated 20-25 session with 5 minute feedback discussion. Interviews are available on a first-come, first-serve basis. This event is best for students who have completed COMP 410 and have completed or are currently enrolled in COMP 550 and who have not accepted a full-time post-graduation job. Registration is required. Next steps post-workshop Identify areas for continued technical interview practice Identify areas for professional growth. After this event you will Demonstrate personal accountability and effective work habits (Professionalism & Work Ethic). Exercise sound reasoning to analyze issues, make decisions, and overcome problems (Creativity & Problem Solving). Identify and articulate one's skills, strengths, knowledge and experiences relevant to the position desired and career goals, and identify areas necessary for professional growth (Career Management). Articulate thoughts and ideas clearly and effectively in written and oral forms (Communication). Exploring complex issues, ideas and events
to form well-reasoned opinions, decisions or conclusions (Critical Thinking).

**Ace The Interview** [19]

2019  
3:30 PM 5:00 PM  
Location:  
Hanes Hall, Room 239a/b  
Type of Event:  
Workshop

Ever walk into an interview having no idea what questions the employer will ask or how to answer them? We've got you covered. You will learn what an employer is really trying to find out when they ask you a question like ?what?s your greatest weakness??, and brainstorm how to respond to these types of questions in an authentic way.

We will discuss and practice: ? How to use self-awareness to communicate your experiences ? What to do with behavioral questions (What are they? How do you answer them?) ? How to be aware of verbal and non-verbal cues during interviews ? What questions to ask the employer and what to do after the interview An interview is your chance to demonstrate that you have the career competencies necessary to make a valuable contribution as a future employee.

Check out the resources we have on interviewing; come ready to learn, reflect and practice!
