ClearView Healthcare Partners Information Session [10]

2018
5:30 PM 6:30 PM
Location:
239A/B Hanes Hall
Type of Event:
Information Session
ClearView Healthcare Partners will be hosting an Advanced Degree Info Session at 239A/B Hanes Hall on February 13 from 5:30 ? 6:30 pm that is open to candidates with post-graduate degrees in the life sciences (e.g., Ph.D. or M.D.) interested in full-time positions in our entry level Life Sciences Strategy Consultant position.

ClearView Healthcare Partners is a premier life sciences consulting firm with offices in Boston, New York City, and San Francisco serving clients in the biopharmaceutical, medical device, and diagnostics spaces. We provide world-class strategic decision-making support across a wide range of business issues. Our goal is to inform actionable recommendations that allow companies to achieve their business objectives.

ClearView represents a unique opportunity for professional growth and client impact. We are ranked #15 in Vault.com?s Consulting Fifty based on our commitment to training, professional development, and providing meaningful value for our clients.

At ClearView, you will encounter an entrepreneurial environment, interact with a dynamic group of colleagues, present to clients in critical business situations, and develop a deep understanding of the life sciences and biopharmaceutical industry. You will be mentored directly by ClearView partners and managers, who have a wealth of experience in life sciences consulting. In addition, you will be exposed to a wide variety of business issues ranging from new product planning and business development to product commercialization.

You will interact with both clients and teams within ClearView to address critical strategic questions within the biopharmaceutical space. At ClearView, you will have the opportunity to lead projects and develop a broad range of expertise, skills, and connections that will serve as a foundation and springboard for your career.

Qualifications:
We are seeking consultant-level candidates with post-graduate degrees in the life sciences (i.e., Ph.D. or M.D.) that plan to graduate by summer 2018. Although prior business or consulting experience is not necessary, all candidates should have a demonstrated interest in the biopharmaceutical industry. Candidates must be highly analytical in their approach to solving complex problems, should be proficient in both written and oral communication, and must enjoy working within a dynamic team environment. If you are interested in an enriching professional experience within the life sciences, we would welcome your application.

How to Apply:
