Internship Funding
The Marcia Harris UNC Career Services Travel Fund [3]

This fund is a fellowship in honor of Marcia Harris [4], Director of University Career Services at Carolina from 1982-2009 and mentor to thousands of students over her tenure. The fellowship provides an undergraduate student with a stipend to pursue their career aspirations by giving them funds to travel domestically for a job or an internship interview. These funds are specifically designated for travel, including airfare and lodging to and from Chapel Hill or to and from the recipients' U.S. home. The award amount is from $100 to $1,500 based on need, as outlined in the student application.

Applicants must be currently enrolled in good standing as a full-time upper-class undergraduate (Sophomore, Junior, or Senior), of an undergraduate baccalaureate program at UNC Chapel Hill in the term immediately preceding the receipt of the award.

Award recipient will be notified by May 3, 2019.

Summer Internship Grant [5]

The Office of Scholarships & Student Aid offers competitive grant funding to help students cover the expense of travel, housing, and meals during an internship lasting at least four weeks. Seniors, students with graduation dates of August 2019, December 2019, or May 2020, who receive need-based financial aid are eligible to apply.

Amounts range from a few hundred dollars to a few thousand, depending on student's proposed budget and level of financial need. Students are strongly encouraged to look for internships that fit with academic and career interests. These donor-supported summer grants are meant to open up new opportunities and encourage students to seek out unique internship placements.

UCS C-STEP Internship Stipend [6]

In order to be competitive in the job market most students understand that they need to participate in an internship or internships in their chosen field before they graduate. However, sometimes those internships are unpaid. This is challenging for any student, and particularly challenging to the C-STEP student who may feel like they need summer school or have other financial commitments that don't allow them to take an unpaid internship. Please click here [6] for more details.

Public Service Internship Prize [7]

The J. W. Saxe Memorial Prize is a prize of fifteen hundred dollars that will be awarded to one or more college or university students involved in public service. The award is meant to enable the student to gain practical experience in public service by taking a no-pay or low-pay job or internship during a summer or other term. Preference will be given to applicants who have already found such a position, but who require additional funds. Applicants should send a resume together with an essay stating short and long-term goals to the J.W.Saxe Memorial Fund, 1524 31st Street N. W., Washington, D.C. 20007-3074. Include statements from four references including one from a faculty member. Deadline to apply: April 5th by 5pm. Winners will be notified by April 12th.
APPLES Service Learning Internships [8]

Students intern at a variety of nonprofit and governmental agencies, receive funding ($1,200 for spring and $2,500 for summer) and are enrolled in a service-learning course.
