Funding Opportunities

Summer Internship Grant

The Summer Internship Grant provides funding to help students cover the expense of travel, housing, and meals during an internship lasting at least four weeks. Undergraduate students who receive need-based financial aid, and who will be returning to UNC in the Fall semester, are eligible to apply after an internship offer has been confirmed. Amounts range from a few hundred dollars to a few thousand, depending on an applicant’s proposed budget and level of financial need. The 2022 application opens in February.

Grant funding through this source should not be used to cover summer enrollment, or for-credit coursework over the summer. The assumption is that the focus of the recipient will be the internship, research endeavor, or special opportunity. If a student is enrolled in either summer 1 or 2, the internship/research/opportunity grant is subject to being applied to University charges. Also, if a student is enrolling AND receiving need-based aid, the grant will cause other aid to be reduced.

For more information, please contact Grace Athy, g [1]race.athy@unc.edu [2].

As students engage in their summer internship search, they are encouraged to allow University Career Services to support them in the process by scheduling a career coaching appointment though Handshake [3].

Styled for Success
Styled for Success provides funding for the purchase of professional interview attire (the equivalent of one outfit) to UNC students. Juniors, Seniors, and Graduate Students who are currently receiving need-based financial aid, and are actively involved in an internship or job search, are eligible to apply. Click here [4] for the application link.

To learn more about women’s, men’s, and gender-neutral interview attire, take a look at the following guidance: How to Dress for a Job Interview [5].

For more information, please contact Grace Athy, g [1]race.athy@unc.edu [2].
