Career, Graduate Education, and Networking Events

THIS PAGE IS FOR EMPLOYERS, GRADUATE AND PROFESSIONAL SCHOOLS ONLY.

UCS offers several career events throughout the year to help you connect with our students through our On-Campus Recruitment (OCR) strategies. Additionally, we support organizations through Non-OCR strategies and initiatives designed to put them in front of students (Mock Interviews, Job Shadows, Career Treks, Snack & Learns, Panels, etc.). Please see our UCS Employer Engagement Brochure [1] to learn about the various ways your organization can get involved with University Career Services and/or Department-Based Career Offices [2]. Contact the External Relations Team at ucs@unc.edu [3] if you have any questions about our OCR and Non-OCR objectives and plans.

Note: Fall 2022 UCS virtual fairs will be promoted with the strategic purpose to increase: 1) Student Visits to Employer’s (Grad School’s) Handshake Page, 2) Student Follows of Employer’s (Grad School’s) Handshake Page, 3) Student Saves of Employer’s (Grad School’s) Handshake Job (Information) Postings, and 4) Student Applications to Employer’s (Grad School’s) Handshake Job (Information) Postings.

Contact Tessa Minnich at tessaminnich@unc.edu [4] if you have questions about registering for the fairs below.

Contact Roderick Lewis at roderick.lewis@unc.edu [5] if you have questions about determining which fairs below are right for your organization.

Student Engagement Opportunities for your Organization
Each semester, the UCS **External Relations Team** [6] has opportunities for professionals to co-participate in activities with students in various Career Development Initiatives led by our Career Instructors. There are typically **over 20** activities each semester that are hosted virtually (or in-person) that provide the following benefits:

- Promote your organization’s employer (or program) brand in a non-recruitment channel.
- Support the career development of students seeking internships, full-time jobs, entrepreneurship, and graduate school.
- Increase your network with students by providing your contact/LinkedIn info.
- Establish, grow, and/or maintain your organization top-of-mind with students, staff, and faculty.

**FAQ:**

**Fall 2022 - STEM Majors Career Exploration and Experience Fair (In-Person) - September 21st 2022, 12:00 pm - 4:00 pm. Rams Head Recreation Center or Student Union**

This event [8] brings together employers who want to help students from STEM-related majors (Science, Technology, Engineering, and Math) explore various career pathways in their industries and answer questions about what they can do with their majors and career interests. Additionally, for students who are seeking Summer Internships and Full-Time Jobs roles, these companies also are available to talk about their current openings and how you can apply.

This event [8] is open to all UNC undergrad [9] and graduate majors [10] (except MBA, Law, Medical, and Dental), but is targeted for **STEM** [11]-related majors that include: Astronomy, Biology, Chemistry, Computer Science, Library and Information Sciences, Engineering, Earth Sciences, Economics, Exercise & Sports Science, Finance, Health Sciences, Information Technology, Mathematics, Physics, Operations Research, Statistics and Analytics, and [more] [9]

**Four Ways to Connect (Organizations)**

We recognize that students have multiple competing priorities for their time on-campus (and off-campus) that don’t always allow for participation in recruitment activities hosted by University Career Services. Our goal is to foster events that meet students where
they are. To that end, we are promoting four modalities that allow students to choose what works best for initial engagement with recruiters. We ask that our recruiters strive to take measures to not intentionally privilege one modality over another. Students need reassurance that there is no penalty to their applications or candidacy based on their chosen form of initial engagement.

**Employers participating in on-campus recruitment events will have to commit to our four student connection modalities:**

- **Connect face-to-face at in-person fairs, or Connect by 1:1 or group sessions scheduling on Handshake Virtual Fairs with students desiring to learn about your organization, workplace, or job postings:** whether they are job seeking or just want to expand their network for future opportunities at the on-campus event you’re at.
- **Connect by virtual chatting on Handshake with students desiring to discuss job postings of interest:** all recruiters will be obliged to setup Handshake’s 15-minute virtual chats scheduling tool\(^\text{[12]}\) on each job posting 4-weeks prior to their on-campus event (or have a recruiter’s contact info available on their Handshake company page who can schedule a 15-minute virtual chat outside of Handshake).
- **Connect by direct messaging on Handshake with students desiring to discuss job postings of interest:** all recruiters will be obliged to setup Handshake’s messaging tool\(^\text{[13]}\) on each job posting 4-week prior to their on-campus event (or have a recruiter’s contact info available on their Handshake company page).
- **Connect by receiving direct applications on Handshake to job postings from your organization:** all jobs that organizations have available for students will be posted on Handshake\(^\text{[14]}\) 4-weeks prior to their on-campus event.

Please contact lead External Relations Consultant, Roderick Lewis at roderick.lewis@unc.edu to discuss if this event is right for you.

**Location**

- Rams Head Recreation Center or Student Union

**Registration Fees**

- $450 - Standard For-Profit (receive half off the price of ONE fair if you attend both the "Fall STEM Majors Career Exploration and Experience Fair (In-Person)" and "Fall Liberal Arts Majors Career Exploration and Experience Fair (In-Person).")
