**Myers-Briggs Type Indicator**
Knowing your personality type, as measured through the Myers-Briggs Type Indicator® instrument, can help you with career planning at every stage: from your choices of subjects and majors in school to choosing your first career, to advancing in your organization or changing careers later in life. **Before taking the MBTI, you must first meet with a UCS counselor.**

**Strong Interest Inventory**
The Strong Interest Inventory is career assessment tool that connects your interest with possible career options. The Strong Interest Inventory is a useful tool for people who are uncertain about their interests. Even those who know their likes and dislikes might find that such tools verify that they are on the right track, or suggest occupations or career areas that they might not have considered before. The assessment can typically be taken in 25 minutes after which the results must be scored by computer. **Students must meet with a UCS counselor prior to taking the SII, as well as after, in order to have their results interpreted.**

**UNC Alumni Advisor Network**
The General Alumni Association and University Career Services have partnered to provide students free access to the Alumni Advisor Network. This network contains over 7200 alumni and friends of the university. You do not need to join the GAA to access this system, as long as you are a registered student. UNC alums must join the GAA to access this system.

**Vault**
Vault provides guidebooks about industries and careers, as well as specialized job search preparation. Get inside information on jobs and organizations by visiting the Career Insider from Vault.com.
