GAIN EXPERIENCE WITH UCS: EXPERIENTIAL LEARNING

Job Shadow and Career Trek Opportunities

Students will engage in Experiential Learning by participating in virtual Job Shadow and/or Career Trek experiences.

Why is it beneficial for students to participate?

Through this experience, students get the chance to meet with an employer or an organization and learn about potential career fields and occupations.

Employers include Northwestern Mutual, Henderson Collegiate, Blue Cross North Carolina, and more!

How do students apply?

1. Log into your Handshake account and look under the employer "UNC-CH Experiential Learning."
2. The job postings are the different experiences and you will have to apply to be considered for one.
3. All you need when applying is an updated resume and a 500 word summary about why you would like to participate.

Applications open on February 2nd and close on the 16th at midnight. Questions? Email jld@unc.edu.
