7. The SUNY Stony Brook School of Dental Medicine would like to announce that we are hosting the Discover Dental School (DDS) Summer Scholars Program for students interested in the field of Dentistry. This is a weeklong program, from July 30th- August 4th, 2017, where students are exposed to every aspect of dentistry including all specialties so that students truly understand what dental school is like. Included in this email is a link that further explains the program and also contains the application. Upon request, the program director, Dr. Seiver, is available to take calls from prospective students. We can also arrange for Skype sessions with your Pre-Health society. Thank you for your interest in Stony Brook School of Dental Medicine DDS Summer Scholars Program.
