

## Hiring Carolina Students for Domestic Jobs

University Career Services does not accept postings for domestic work. Below are some suggestions for ways to find students for your domestic job needs.

- SitterCity.com or Care.com - quite a few of our students have created profiles. Job seekers can also create a profile and post their job needs so students can find you.
- Craigslist - free for both students and parents seeking help
- Chapel Hill Mothers Club - involves a membership but they have a vast list of babysitters and many of our students are on their list. Students have to meet certain criteria before being placed on this list. [chapelhillmothersclub.org/](http://chapelhillmothersclub.org/)
- Sweepsjobs.Com - local organization that has huge student listings to match with just about any part time, temporary, intermittent job need. Besides babysitting, Sweeps will match you with students willing to pet sit, do errands, yard work, moving, tutoring and more. Sweeps exclusively uses Carolina students to fill your job needs
