University Career Services (UCS) will hold in-person information sessions and tabling sessions in Fall 2022 and Spring 2023. Employers may continue to participate virtually.

On-Campus Information Sessions/Tabling

UCS strongly urges all employers to work with the UCS Recruiting Coordinator, Julie Pendergraph (julie_pendergraph@unc.edu) to pick a date/time that does not conflict with other employers, campus-wide exam periods, wellness days, and student break periods. Employer Information Sessions and tabling will be scheduled in the Student Union for employers desiring them. Information Sessions/Tabling sessions may also be booked in the Business School, Computer Science, Journalism, or Public Health. Employers must book directly with those departments and are encouraged to post the event/location in Handshake.

Off-Campus Information Sessions

Employers are free to invite students to their own facilities or some other off-campus facility. In these cases, we urge you and the student(s) to follow whatever physical distancing and safety guidelines are in place. Keep in mind that some students might not feel comfortable with face-to-face interactions. We recognize that there could be a sizeable number of students desiring face-to-face interaction with employers/professional school recruiters. We ask you as recruiters to please be empathetic to those students who express any concern with in-person meetings and allow them an option to meet virtually if desired.

Scheduling Virtual Information Sessions

Virtual information sessions should be posted via your Handshake account. We recommend holding these sessions after 5:00 pm and later Monday-Thursday. UCS strongly urges all employers to work with the UCS Recruiting Coordinator, Julie Pendergraph (julie_pendergraph@unc.edu) to pick a date/time that does not conflict with other employers.
